

RIGHT PATH WINDOWS AND DOORS
20-Year Limited Installation Warranty

Effective Date: [Insert Date]

Warranty Term: 20 Years from Date of Installation Completion

Installation Address: [Insert Project Address]

Scope of Warranty

Right Path Windows and Doors ("Right Path") warrants to the original purchaser that the installation services provided for manufacturer-supplied windows and doors (the "Installation") will be free from defects in workmanship under normal use and service for a period of twenty (20) years from the date of installation completion.

This warranty exclusively covers labor and workmanship associated with the installation process. It does not cover the products themselves, which are subject to the respective manufacturer's warranty.

What This Warranty Covers

- Proper alignment and secure fitting of windows and doors.
- Prevention of water and air infiltration due to installation errors.
- Integrity of sealants and flashings applied during installation.

What This Warranty Does Not Cover

- Defects or failures in the manufacturer's product, including but not limited to glass breakage, hardware malfunctions, or material degradation.
- Damage resulting from misuse, abuse, accidents, natural disasters, structural movement, or alterations made by others.
- Normal wear and tear, fading, or minor cosmetic issues that do not affect function or structural integrity.
- Painting or staining.
- Caulking and sealant performance beyond what is listed in the manufacturer's warranty.

Claim Procedure

To initiate a warranty claim, the original purchaser must notify Right Path in writing within the warranty period, providing:

- A description of the issue
- Proof of purchase
- Access to inspect the installation

If the issue is covered under warranty, Right Path will perform necessary repairs or corrections at no charge. All warranty decisions are at the sole discretion of Right Path.

Installation in Existing Frames - Warranty Clause

Existing Conditions Disclaimer:

Right Path Windows and Doors performs insert installations using existing master frames, which are part of the original building structure and were not fabricated, installed, or modified by Right Path. As such, we do not warrant the condition, integrity, or suitability of the existing frame.

A visual inspection will be performed prior to installation. However, concealed deterioration (e.g., internal rot, water damage, frame shift) may not be detectable. If discovered during or after installation, Right Path will notify the property owner. Any required repairs or structural modifications will be quoted separately.

Warranty Limitation - Insert Installations:

This warranty assumes the existing frame is structurally sound and suitable for the insert. It does not cover:

- Air or water infiltration resulting from frame movement, rot, or warping
- Operational issues caused by out-of-square or compromised frame openings
- Structural damage caused by original frame failure

Limitations of Liability

This is the sole and exclusive warranty provided by Right Path for installation services. No other oral or written warranties shall apply. Right Path is not liable for incidental or consequential damages, including loss of use, inconvenience, or property damage arising from installation or product issues.

Transferability

This warranty is non-transferable and applies only to the original purchaser and installation address.
